

## FY13 WC Priorities & MBNMS SAC Feedback Worksheet

FY13 WC Priorities (See attached description)	MBNMS Action	SAC advice on relative priority 1-Not Important, 2-Lo/Med, 3-High	SAC request: Agendize, Receive Staff Report, Other	Notes
<b>1. Deep Sea Coral (DSC)/EFH (Essential Fish Habitat)</b>	Using latest info on location, abundance & diveristy of DSC and other special benthic habitats/organisms; using this and other info to inform EFH Review	Geoff feels this is important but will require a lot of effort		
<b>2. Whale Ship Strikes</b>	Working with other CA sites on coordinated review and planning, including transfer of CINMS knowledge and protocols and new AIS station for Pt Sur	not as high a priority here (K), huge to PHIL		
<b>3. Coordinating Enforcement</b>	enforcement partners to enhance presence, education, deterrence, and prosecution	(K) x		
<b>4. Overflight Rule Implementation</b>	Ongoing outreach to aviation community.	Would like as an information item (Simona)		
<b>5. Spill Preparedness</b>	Ongoing coordination with WC sites and response partners	Geoff feels this is high priority (ESAs and spill plan) (K) x (Steve), (Kathy - high)		
<b>6. Complete Long Range Interpretive Plan (LRIP)</b>	Plan is done	Important to SEP		
<b>7. Maritime Heritage program Implementation</b>	Draft plan for 5 and 10 year objectives	Nancy feels this is important, Phil: there is a lot of stuff on the bottom, stuff his group likes, (Kathy), Dave (partner w/ nerr)		
<b>8. NMFS-ONMS Communications</b>	Ongoing communication/coordination	Steve L to share their strategic plan		
<b>9. Ocean Acidification Action Plan Implementation</b>	Important to SEP (Simona), PJ feels this is important, combine with management plan review (K), (Phil's top), (Steve) (Kathy - this is being assessed by others, but MBNMS could help), (Gary),			
<b>10. Management Plan 5-yr.update</b>	Ongoing; education/outreach focus in FY13	If mgmt plan is working - keep it and defer (Matt), (Gary)		
<b>11. Introduced Species Regulation Change</b>	Internal discussions of timing and scope	x, (Simona),		
<b>12. Consider Boundary Expansion for MBNMS "donut hole"</b>	Need to finalize rule.			
<b>13. Abalone Recovery (white &amp; black)</b>	Ongoing effort, scoping led by GFNMS	(Kathy - this is a GFNMS issue)		
	Internal discussions of next steps	Put on agenda as information item in April.		

<b>14. Socioeconomics</b>	Ongoing effort	an area where work could be done for benefit to several groups (Geoff) x (Steve), (Kathy), (Gary), Dave, (Simona),
<b>15. CI &amp;MB:Recreational Fishing Tournament</b>	Improved effort on "Classic" (photo fishing contest) for FY13	
<b>16. Sentinel Sites</b>	TBD	Seems to be significant interest (Geoff)
<b>17. Climate Change</b>	Ongoing coordination with WC sites (Gary) Ongoing efforts with Lost Fishing Gear, Voices of the Bay, and opportunistic collaborative	
<b>18. Sustainable Fishing Communities</b>	research	Nancy feels this is important, (Paul), (Kathy)
<b>19. Tsunami marine debris</b>	Ongoing coordination with WC sites and response partners	(Paul) (Kathy) (Simona),
<b>Additional topics suggested</b>		
<b>Desal</b>		(Gary)
<b>Sanctuary be resourced to provide information</b>		
<b>PWC issue</b>		Steve, Lynn,(Gary)
