RAP Meeting Location (5/11/07):

Marine Pollution Studies Lab
Granite Canyon
34500 Highway One
Carmel, CA 93923

Driving Directions to RAP meeting:

The lab is on Highway 1, eight miles south of Rio Road, which is the last stop light as you head south out of Carmel. Drivers should check their odometers at Rio Road. The lab is located in the middle of the only long straightaway, about a half mile south of the two big offshore Lobos Rocks at Soberanes Point. It's surrounded by Monterey cypress trees and a chain link fence, and has the old Fish and Game sign on the gate.

There's parking on the lower level, and folks should drive all the way around to the north end to park closest to the meeting room.
